Dear Applicant:

This letter refers to the above-captioned minor modification application.

An engineering study reveals the site proposed in the application is 7 kilometers away from the currently authorized facility. The *Second Report & Order* in MM Docket 99-25 established the definition of a "minor change" as it applies to LPFM applications.¹ The Commission stated that minor changes to LP100 applications would be limited to those specifying changes in site of 5.6 kilometers or less. Thus, the application specifying a 7 kilometer change in site violates 47 C.F.R. § 73.871.

In light of the above, application BPL-20091008AAM is unacceptable for filing and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Edna V. Prado
